

wicked cool for kids science kits

 These easy to use kits provide a perfect hands-on science solution for your homeschool pod, camp, classroom, or after school activities. Each lesson comes individually bagged and contains everything you need for success.

No experience teaching STEAM? No problem! We provide comprehensive curriculum and step by step lesson plans. Curriculum support is just a phone call away. We also offer live curriculum training via Zoom. Call us for more information.

Kit Offerings:

Curriculum & supplies include everything you will need for **6 Lessons**.

Pod Pack Kit - 5 Kids - \$450 (minimum order).

Classroom Pack Kit - 12 Kids - \$1050

Each additional kit \$84/child

"Girls STEAM Squad was a huge success for our program. It filled quickly and parents and kids couldn't wait for it to begin. The girls love the projects we have done and are thoroughly engaged in the process. I even overheard one girl say to her friend, "This is so great! I'm so happy we signed up for Girls STEAM Squad!" I can't wait to try our next program from Wicked Cool for Kids."

*Betsy Hoffmeister,
Assistant Program Coordinator
